PARIS, BOURBON COUNTY, KENTUCKY, FRIDAY, MARCH 16, 1917

Late War Bulletins.

PARIS, March 15.—The Pope has decided to pronounce an important allocution at the Consistory to be held at the end of the month, according to a new dispatch from Rome. The dispatch says that it is understood that the Pope's pronouncement will deal entirely with the war, and that it is reported in Vatican circles that the Pontiff will protest against Germany's unrestricted submarine campaign.

EL PASO, TEX., March 15.—Government officials here have received information from confidential sources in Chihuahua City, Mexico, that the Germans residing in that city offered to raise a German regiment in Northern Mexico to fight with the Mexican troops in the event that the United States declared war on Germany and Mexico became involved. German residents in the United States and German residents in Mexico were to make up this regiment, it was said.

WASHINGTON, March 15.—Former Ambassador Gerard, fresh from Berlin, reported to the State Department that when he left there was evidence that Germany fully intended carrying out her ruthless submarine campaign, regardless of the prospect of war with the United States, and that talk of peace had been abandoned.

The former Ambassador did not see President Wilson, but conferred at length with both Secretary Lansing and Counselor Polk, and went over with them in detail events leading to the break in diplomatic relations between Germany and the United States.

LONDON, March 15.—In the course of an interview granted to the Copenhagen correspondent of the Berlin Tagesblatt, says an Exchange Telegraph dispatch, Count von Bernstorff, interrogated as to whether he thought there would be war between Germany and the United States, replied "that depends on our U-boat warfare. If we sink an American ship we shall get war. If not, I suppose we can avoid it."

"And if," asked the correspondent, "Germany sinks British ships with Americans aboard?" To this Count von Bernstorff replied: "That is not the same."

BOSTON, MASS., March 15.—The Governors of the New England States, after several hours' conference on the present "disturbed condition of affairs," adopted resolutions pledging their support and the support of the people of their States to the President in carrying out his announced policy of protecting United States lives and property on the high seas.

CAMBRIDGE, MASS., March 15.—Patriotism is at a high pitch at Harvard, where the students have formed a regiment called the "Minute Men of Harvard" and are drilling daily. They have just been equipped with rifles. Their drilling is carried on in an old Massachusetts hall, which was used as a barracks by the old Continentals.

WASHINGTON, March 15.—American diplomats at home waiting an opportunity to return to posts in Europe will travel on armed American liners. Among them are Hugh Gibson, first Secretary of the Embassy at London, who expects to sail on the first American liner that starts across the Atlantic.

LONDON, March 15.—The Norwegian steamer Lars Fastenae (Lars Fastenae) bound from America for Rotterdam with grain for the American Relief Commission, has been sunk without warning outside the blockade zone, according to the Norwegian Mercantile Shipping Gazette. This announcement is contained in an Exchange Telegraph dispatch from Copenhagen.

LONDON, March 15.—The arrival in Europe of Count von Bernstorff, former Ambassador to the United States, has caused renewed discussion in Berlin of the submarine blockade, between political, naval and diplomatic representatives, according to the Norwegian Mercantile Gazette, says Reuter's Christiania correspondent. "Some German naval attaches in neutral countries have been called to Berlin for a conference," continues the dispatch. "The alteration, but not the raising, of the blockade is probable."

These conferences, it is indicated by the publication, arose out of developments during Count von Bernstorff's stay in Christiania, when indirect efforts, it says, were made to prevent the situation between Germany and America developing into war.

WASHINGTON, March 15.—Final orders to the naval gunners who will work the guns on armed American merchant ships defying the German submarine zone, have been framed at a conference between Secretary of State Lansing and Secretary of the Navy Daniels. The orders will be transmitted directly to the gun crews by the Secretary of the Navy.

by the Secretary of the Navy. They provide in detail for compliance with the attitude of the United States in the whole long international controversy over the use of submarines against merchant craft.

The merchant ships' gunners will fire at sight on any submarine approaching in a threatening manner, but will respect the right of the submarine to "visit and search" for contraband, if any effort is made to exercise that right. Further than this statement the orders will be kept absolutely secret.

WASHINGTON, March 15.—A moderate-sized black leather bag containing documents of gravest moment, brought from Berlin in the personal care of James W. Gerard, has been safely locked in the vaults of the State Department. During his 7,000-mile journey, covering a period of more than four trying weeks, Ambassador Gerard and the bag did not part company for a moment.

NEW YORK, March 15.—A Washington dispatch to the World reveals operations of Germany in supporting Huerta against the United States. Guns and ammunition were secretly sent from Hamburg. The captain of the cruiser Dresden communicated a false wireless message to United States officers at Vera Cruz.

Documents now in possession of Federal officials prove that the steamship Savoia out of Hamburg secretly transhipped her cargo to the Ypiranga when the German owners discovered that the American fleet was preparing to block her entrance to Vera Cruz. The State Department, through its agents in all parts of the world, found that no shipments were sent to Mexico except from Germany. Detectives trailed them from port to port.

WASHINGTON, D. C., March 15.—The State Department has received information tending to establish the opinion that General Obregon and a clique of politicians who surround Carranza have actually entered into an agreement with German agents whereby they have qualifiedly given promise that they will consider the Zimmermann proposals for an alliance between Germany and Mexico in the event of trouble between Washington and Berlin.

WASHINGTON, March 15.—American Minister Reinsch, at Peking, reported to the State Department that China has severed diplomatic relations with Germany and that the German Minister had been handed his passports.

China has taken possession of all German merchant ships in Shanghai about six in number, placed their crews on shore under guard, and placed armed guards on the vessels. Advice to the Navy Department from the senior officer in Chinese waters gave no further details.

JERSEY CITY, N. J., March 15.—Acting on rumors of a plot to dynamite the 7,000,000-gallon reservoir at Boonton, thereby flooding the Passaic Valley, where many large munition plants are located, the City Commissioners passed a resolution calling upon Gov. Edge to provide military guard for the works. Meantime thirty policemen, all of whom have served in the regular army, were hurried to the reservoir, under command of Major Joseph D. Norton, of the Fourth New Jersey regiment. The policemen were supplied with rifles and ammunition from the Fourth Regiment Armory.

WASHINGTON, March 15.—Confidential diplomatic reports from the representatives of a neutral government in Mexico passing through here on their way to Europe say the German bank in Mexico City, and the German Legation there are guiding virtually the entire financial and diplomatic affairs of Mexico.

According to these reports the action of Mexico in sending recently to the American Republics a note on the subject of peace in Europe was directed by officials of the German Legation while the German bank is said to have come in control of the Mexican financial situation.

The chief consideration which has caused concern at the State Department is the general belief that the Germans by a judicious expenditure of a few hundred thousand dollars may induce some of the politicians around Carranza to do almost anything to embarrass the United States.

"LADIES' NIGHT."

The members of Rathbone Lodge, No. 12, Knights of Pythias, of Paris, have set aside Thursday night, March 29, as "Ladies' Night," when a social session will be held, at which it is proposed to have the wives, sisters, sweethearts, aunts and feminine cousins of the members of the order as honor guests.

A committee composed of Knights P. A. Thompson, O. R. Mangum and J. K. Cahal, has been appointed to prepare a list of names for the social session. There will be music, refreshments, (lots of them), transmitted directly to the gun crews by the Secretary of the Navy.

Louisville & Nashville Submits Proposition To Local Employees

TELEGRAM.

Louisville, Ky., March 15, 1917.

To—
Conductors.
Engineers.
Firemen.
Brakemen.
Yardmasters.
Yard Foremen.
Switchmen.
Hostlers.
Train Baggage-men.

and other road train employees of the LOUISVILLE & NASHVILLE RAILROAD COMPANY, both members and non-members of railway brotherhoods and to those intending to enter such service:—

In view of the strike which is immediately threatened by certain of the train employees of the Louisville & Nashville Railroad Company, and in order that employees of this company who decline to join in the strike may not thereby lose anything by a forfeiture of their insurance of whatever form, the Louisville & Nashville Railroad Company makes this proposition to all its employees above mentioned who remain in its service as well as to those who hereafter enter such service:

1. To those men who were members of a brotherhood and are carrying or are entitled to carry therein insurance of whatever form, the company agrees that it will afford you in lieu of your brotherhood insurance the same protection you now have by procuring for you the same amount and form of insurance in a good and solvent insurance company at a cost to you not greater than you are now paying, or would have to pay to your respective brotherhoods.

2. To those who are non-members of a brotherhood we will procure if you desire, the same amount and form of insurance that you could obtain in the brotherhood which embraces your class of employment if you were a member therein, and at no greater cost to you than you would have to pay if you were such a member.

3. To new employees of the classes above named who hereafter enter the company's service we make the same proposition as above set out.

The plan for accomplishing the above result is that the company will pay the premiums for insurance so procured on each man whatever they may be, but each man is to pay the company only so much as he is paying or would have to pay to the brotherhood for the same amount and form of insurance. This notice is a proposition, which if a strike is ordered on this company's railroad, become a contract binding upon the company in favor of all employees of the classes above named who remain in or hereafter enter the company's employ, and it is to continue in effect as to each man so long as he remains in the company's service, and thereafter for reason of age in cases of retirement so long as he desires to carry such insurance. Certificates of this insurance will be issued to each as soon as practicable. This insurance out of the way at this critical period when the company needs the services of its men and the men's families need their wages and the country so sorely needs the combined efforts of both employer and employee, this company confidently relies upon a continuance of the well known fidelity and loyalty of its trainmen.

Respectfully,
Louisville & Nashville Railroad Company.

By MILTON H. SMITH,
President.

KENTUCKY LEGISLATURE PASSES FIRST SECTION OF OLIVER BILL.

Tuesday, the first section of the Oliver Bill, which creates the State Tax Commission, passed the House of Representatives by a vote of 71 to 22. The Jones amendment, providing that the Commission shall comprise two members, a Democrat and a Republican, to be appointed by the Governor and the State Auditor as an ex-officio member, was adopted without a roll call.

Passage of the bill is a complete victory for the administration. Opponents of the bill were hopeful of passing the Roach amendment providing for the commission to comprise the State Auditor, the Secretary of State and the State Treasurer.

The first test of the line-up on the bill came when Representative Harry Meyers, of Covington, the administration floor leader, moved the previous question at the conclusion of the address of Representative A. J. Oliver who introduced the bill. Meyers won by the vote of 59 to 36.

ENTERTAINS TOBACCO BUYERS WITH BIG FEED

Mr. Charles C. Clarke, manager of the Independent Tobacco Warehouse Company, gave a farewell dinner on Wednesday at Stout's Cafe, to a number of tobacco buyers, who have been on the local breaks during the past season. About fifteen of the best judges of tobacco in the world enjoyed the sumptuous course dinner that was served in style by "Kid," who knows how.

The season just closed by the Independent House was a most prosperous one and the buyers helped to make it so, and genial Mr. Clarke, who is highly appreciative of all efforts to make his house prosperous and popular, was a very generous and genial host to his guests, who were very high in their praise of the courtesies extended them while in Paris during the past several months.

LITTLEJOHN TO OPEN SEASON ON SATURDAY.

The Littlejohn Greater Carnival Shows, which have been in winter quarters at West Point, Georgia, will open the season of 1917 at West Point to-morrow. A letter from Mr. Littlejohn to a Paris man states he has the greatest and cleanest lot of attractions he has ever had on the road, and that he wants to come to Paris some time during the season, but that he doesn't know just when it will be.

The name of Littlejohn is one that will always command respect, in the amusement world, as far as people of Paris are concerned, as it means honesty and decency and fair dealing all around. Mr. Littlejohn has never knowingly permitted a "shady" character or an "off-color" attraction to be under his name, and his shows have always been clean and wholesome.

BETTER MAIL FACILITIES.

Information was received here yesterday to the effect that mail facilities between Maysville and Paris would be greatly improved in the future.

Judge A. B. Tilton, postmaster at Carlisle, who has been hard at work trying to establish a better system, announces that there will be several changes made soon for the betterment of the service, and that the new schedule would go into effect on next Monday, March 19.

Mail from Paris and other points will be dispatched to Carlisle on the noon train instead of the 8:30 morning train. The Lexington mail, which heretofore has been dispatched on the 2:18 train will be sent out from Carlisle on the 4:30 p. m. train, which will eliminate the lay-over in Paris for about two hours.

HIGH WATERS.

Due to the melting snows, heavy rains and warmer weather, the creeks and branches throughout the county have been very high, Stoner especially being almost out of its banks during the week. No damage has been done by the raise, excepting the loss of fencing, etc. The Paris Milling Company, which uses waterpower at an ordinary stage of water, had to put its steam plant in operation during the high water.

LOCAL MEN TO FINANCE NEW MOVIE HOUSE.

According to information given to THE NEWS yesterday, in the near future, if all plans at present under consideration are carried out successfully, Paris will have a new movie picture house, to take the place of The Columbia, which, after a checkered existence of a few weeks, joined the limbo of dead and gone enterprises that came out unsuccessfully.

According to the information given THE NEWS man the enterprise will be financed by well-known Paris men, who have obtained an option on rooms located in the central part of the town, in which they will open up a movie house that will be second to none in Central Kentucky. To make the option stick and make the bargain a go, they have deposited with the owner of the property a sum close to \$200 as a guaranty of their good intentions and their ability to transact business.

The rooms will be thoroughly remodeled, and made over into a veritable palace in the way of interior decoration, and in the matter of equipment, the promoters stated to THE NEWS that they would spend \$10,000, every cent of which is even now available, in order to see that the citizens of Paris got the best that was going, and that the new house would be properly equipped. They propose to put in the very latest in the way of screen and machines, and their own statements that their equipment will surpass many now in the business bear out the assertion that Paris will have another picture house soon that will be in the hands of competent, reliable people, who will not be here one day and gone the next, but here every day.

The rooms that will be used, or at least the ones on which the promoters have secured an option, are in the very heart of the business district, and are admirably suited for the purpose, being in a part of the city where the people congregate most, and in a section patronized by shoppers daily. This will be a distinct advantage to the shoppers, and to the picture house. Further particulars will be given when the deal is completed, as the promoters prefer having their names kept a secret as yet. They are reputable business men of Paris, whose word is as good as their bond, and their willingness to risk their capital in the enterprise will be an assurance to the people of Paris that they will be given the best there is.

SOME AUTOS.

A train of thirty flat cars, each car loaded with three Buick Automobiles, consigned to different agencies in the South, passed through Paris, Tuesday, across the street from the Kelly residence.

RUSSIA IN THROES OF INTERNAL REVOLUTION

LONDON, March 15.—A successful revolution has taken place in Russia. The reactionary party has been overthrown.

Reports from Petrograd state that the Duma, backed by the army, has succeeded in overthrowing the government completely.

The revolution centered in Petrograd and Moscow.

Prominent reactionaries, including former Premier Sturmer and M. Protopopoff, minister of the interior, have been imprisoned.

The government is now in the hands of a committee of safety.

The garrisons at Petrograd and Moscow went over in a body to the revolutionaries.

The question of the dymstany has been unsettled thus far.

It is reported there is a possibility of the abdication of Emperor Nicholas, who would be succeeded by the Crown Prince, with Grand Duke Nicholas acting as regent.

PASSES THE ONE HUNDRED MARK IN LIFE JOURNEY.

Born in Bourbon county on March 13, 1817, in the days when Paris was a mere hamlet, and the county almost a wilderness, with a few scattered settlements as the only indication of civilization, "Anut Apn" Kelly, a highly-respected colored woman of Ruckerville, has passed through varying stages of history and progress of the city of Paris, the county, State and Nation unimpaired, and the coming of March 13, 1917, found her enjoying good health and eager to join in the celebration of her one hundredth birthday anniversary.

At her advanced age she retains good eyesight and full possession of all her faculties. For many years she was known to the people of Paris as an expert carpet-weaver, and the product of her hand looms have adorned the floors of many a household in Paris and Bourbon county. She is a relic of slave times, having been in the family of the Warnocks as a domestic for years until the emancipation proclamation released her. She has two living children, Richard Kelly, at whose home the birthday anniversary was celebrated, and Penina Kelly Smoot, who lives in Claysville. Among the decorations of the table where her family and friends gathered at the celebration, was a huge birthday cake, adorned with one hundred candles, the gift of Miss Lucy Simms, who resides on the Simms estate, just across the street from the Kelly residence.

Teaching Citizenship.

It is announced at Pittsburg that the public schools will establish a department for training in citizenship. This is probably designed for children and aliens. But many leading citizens need very much to attend such a course.

If they obey the laws, many people thing they are good citizens. When the caucuses and primaries come around, they forget all about it. Some small knot of politicians thereby become able to "put over" hand picked nominations.

Not more than 10 to 25 per cent. of the voters usually take part in making nominations, the elections will take care of themselves. Those who stay at home give as excuse that they are too tired, have other engagements, or that the machines have set up the whole proceedings so that it is a farce. That just suits the machine, who base their fabric on these indolent habits.

It is not enough to attend primaries and elections, if no attention is given to the issues thereof. A man will deliberate for days over a business deal involving only a small sum. But he will prepare for act as an elector merely by reading newspaper headlines. Or he will depend on chance conversations with men he sees on the street. These men may be as ill informed as himself. Consequently many voters at the polling booth find the names of candidates entirely unfamiliar. They know nothing for or against them, good or bad. Thus they vote hit or miss. Is it any wonder that all forms of government are inefficient and costly?

An attempt to teach citizenship in schools then should not be merely imparting facts. Knowledge of the civic structure amount to little. What is needed is an idea of government

needs. The pupil should be taught about the evils of existing government, and given a desire to help on better things. He should be taught that no man is a good citizen who does not vote regularly and intelligently.

An Anti Billboard Crusade.

There is a movement just now in the State of Rhode Island against roadside billboards, and the subject is getting a good deal of attention all over the country. Quite a number of States now have protection against billboards within the highway limits but it has proved next to impossible to stop the erection of defacing signs on private property.

The practice among retail merchants of using these signs along highways seems to be decreasing. They appear to realize that there is a lot of feeling against this sort of advertising, and that a merchant makes himself unpopular in this way.

The worst offenders are national advertisers who string along prominent motor roads and railroad lines a row of these ugly signs which transform pretty country scenery into a sordid suggestion of commercialism.

In former days you could plant circus posters all over a farmer's barn by giving him tickets to the performance for his family. But to-day the enterprising farmer realizes that the appearance which his property gives to the passer-by if covered with paint medicine, circus, or other advertising, it looks as if the owner had no public spirit, as if he was pressed for money. The place is made unattractive to all who may visit it in search of farm products.

The same is doubly true of residence districts. You would lower real estate values 25 per cent. in any locality merely by erecting a few ugly billboards. Similarly the removal of billboards will turn an unpleasant neighborhood into a homelike residence section.

The countryside along a railway line is defaced by these signs. The traveler looks at it as an uninteresting region, without local pride or appreciation of its own advantages. It would seem as if granges, boards of trade, business men's associations, and the like, should try to start a national movement to get rid of defacing billboards.

Sometimes my back has been weak and lame and the kidney secretions have passed too frequently, causing me to get up often at night. I have used a box of Doan's Kidney Pills at these times and they have always rid me of the complaint. I always think that they are a splendid medicine and gladly recommend them."

CANADIAN POTATOES COMING TO UNITED STATES.

Newspapers from potato-raising sections as far distant as Alberta, Canada, report large stocks of potatoes still in the hands of the brokers, and that there is really no adequate reason for the excessive potato prices in the Eastern cities.

The Calgary Telegram of March 1 reports that buyers have shipped out thirty cars of potatoes within the last week or ten days and that a St. Louis buyer has purchased over a hundred cars of Alberta potatoes, and there is still a very considerable supply.

The chief difficulty of buyers is to get cars to handle this merchandise and the car shortage rather than the crop shortage is the chief cause of high prices.

CONTRACTS LET FOR U. S. AERIAL WARSHIPS

WASHINGTON, March 15.—The United States took the first long step toward the formation of a dirigible airship navy Monday, when the Navy Department bought sixteen of the non-rigid type. The contracts were awarded as follows: Curtiss Aeroplane Company, Buffalo, three, with power plants, for \$122,250; Connecticut Aircraft Company, New Haven, two, for \$84,000; Goodyear Tire and Rubber Company, Akron, nine, for \$300,000; B. F. Goodrich Company, Akron, two, for \$82,000.

MILLERSBURG

—Miss Florence Vimont continues very much the same.

—Miss Stella Hurst has returned after spending the winter in Florida.

—Mr. A. H. Smedley returned Wednesday after a three-weeks' sojourn at Dawson Springs.

—During the electrical storm Tuesday night the big barn on the farm of Mr. W. W. Shannon, near town, was struck by lightning and badly damaged. The barn was filled with sheep at the time, seven of them being killed by lightning. The barn was partly insured in the Hurst Home Insurance Company.

—Mr. William Becraft, aged seventy-one, died Monday at 2:30 p. m., at his home near here, after a lingering illness of a complication of diseases. Mr. Becraft was one of our most prominent farmers, and has been in failing health for some time. For the past two weeks he had been confined to his home, and his family and friends realized the end was near. With the exception of a few years when he resided at Jacksonville, Ill., he had lived in his father's home where he was born. He was one of a family of several children, and is survived by two brothers, James and Dink Becraft, who reside in Missouri. Several sisters have preceded him to the grave. Early in life he was united in marriage to Miss Reynolds, of Jacksonville, Ill., and for a time resided at that place. Later he returned to his old home, where he spent the remainder of his long and useful life. He was a retiring, unassuming man, a citizen who was interested in everything about him, and was a life-long member of the Methodist church. Two children were born to him and his estimable wife—Mr. W. R. Becraft, who died some years ago, and Mrs. J. T. Jefferson, who resided with her father. Some years ago while Mrs. Becraft was on a visit to her family at Jacksonville, Ill., she was stricken with pneumonia and died. The funeral of Mr. Becraft was held at 2:30 Tuesday, at his residence, conducted by Rev. B. C. Horton, of Lagrange, formerly pastor of the Methodist church at Millersburg. A large concourse of relatives and friends followed the remains to their last resting place in the Millersburg Cemetery.

—Mr. and Mrs. Alex Hawes, of Chicago, Ill., were guests of their grand mother, Mrs. America Butler, Monday and Tuesday. Mr. Hawes was united a few days ago in marriage to Miss Sales, of this city, and while out on their bridal tour spent a day and night with his grandmother. He is a former Millersburg boy, and he, with his bride, were the recipients of numerous congratulations. Mrs. Butler is an attractive young lady, well known here, as she has visited here in the past. They went from here to Ashland, where Mr. Hawes will attend to some business for the Pig Iron Co. he represents.

EVERYTHING GOING UP EXCEPTING COFFEE AND TEA.

Retail food prices in the United States advanced 19 per cent. in the year ending with January 15, as shown in statistics prepared by the Bureau of Labor statistician. The increase was greater than for the three years previous combined. The four years' gain was 39 per cent.

Every food staple except coffee and tea advanced during the year. Onions and potatoes led with increases of more than 50 per cent.

Some of the advances were: Sirloin, 7 per cent; round steak, 8 per cent; rib roast, 8 per cent; chuck roast, 7 per cent; pork chops, 10 per cent; bacon, 8 per cent; ham, 4 per cent; lard, 22 per cent; hens, 4 per cent; salmon, 7 per cent; eggs, 32 per cent; butter, 18 per cent; cheese, 27 per cent; milk, 11 per cent; bread, 13 per cent; flour, 38 per cent; corn meal, 23 per cent; potatoes, 50 per cent; onions, 55 per cent; beans, 39 per cent; prunes, 8 per cent; raisins, 16 per cent; sugar, 16 per cent.

What great good has this inefficient world accomplished with all the time it gained by sending picture postcards instead of writing letters?

The path of glory but leads to another line of trenches.

JUDAS HAD EDGE ON UNPATRIOTIC SENATORS

The twelve apostate Senators who had the supreme nerve to try and block the President's armed neutrality bill in the United States Senate have been unmercifully flayed and flouted from one end of the country to the other, but it is very doubtful if even the best things Henry Watterson has written about the bunch could exceed in satire and bitterness this contribution to the Courier-Journal, from the pen of Mr. Graham McFarlane, of Clarksville, Tenn.:

"In comparing the Congressional Twelve Apostates with Benedict Arnold and Judas Iscariot, the press is doing an injustice to two men who, being dead, cannot defend themselves. "Arnold's expedition to Quebec showed great military ability and magnificent physical courage. Feeling aggrieved at what he thought faint recognition of his services and falling under the influence of the 'pacifists,' he committed treason, and his name became a byword forever.

"Judas was a poor devil to whom thirty pieces of silver looked like a fortune. Had Judas been in receipt of the salary of a United States Senator he might have resisted the temptation to betray our Saviour.

"He also had the decency to hang himself."

Electrical devices connected with an advertising mirror cause advertisements to mysteriously appear on its surface and obscure the features of persons looking at it.

"EVERYWOMAN" COMES TO LEXINGTON AGAIN.

Henry W. Savage's "Everywoman" Company, one of the largest dramatic and musical organizations on tour will return to Lexington for two days on Monday and Tuesday, March 19 and 20. There will be a special matinee Tuesday.

"Everywoman" is a unique form of entertainment, combining in one tremendous spectacle, opera, drama and musical comedy. Mr. Savage is bringing his own great organization, the one and only "Everywoman" Company, which is now making a seventh triumphal tour of both the large and small cities.

The title role is taken this year by the young and beautiful Paula Shay, acclaimed to be the greatest "Everywoman" Mr. Savage has ever had. There are 27 speaking parts, large choruses and ensembles and a special orchestra is carried on tour.

Over four million people have witnessed "Everywoman." It has an engrossing story, telling of the adventures that befall a young and beautiful woman of our day who sets out from her home in search of love. Her quest leads her into strange places. At one time she is behind the scenes of a metropolitan theatre, herself the leading actress, a petted favorite; another she is holding high carnival in her sumptuous apartment at mid night, the toast of the hour, surrounded by her worshippers and satellites, at still a later period she had paid the toll for her dissipation and alone and friendless, she wanders the city streets at midnight on New Year's Eve as roisters are celebrating the passing of the old year and are welcoming the advent of the new. The production is on a huge scale.

WOMAN NOW IN PERFECT HEALTH**What Came From Reading a Pinkham Advertisement.**

PATERSON, N. J.—“I thank you for the Lydia E. Pinkham remedies as they have made me well and healthy. Some time ago I felt so run down, had pains in my back and side, was very irregular, tired, nervous, had such bad dreams, did not feel like eating and had short breath. I read your advertisement in the newspapers and decided to try a bottle of Lydia E. Pinkham's Vegetable Compound. It worked from the first bottle, so I took a second and a third, also a bottle of Lydia E. Pinkham's Blood Purifier, and now I am just as well as any other woman. I advise every woman, single or married, who is troubled with any of the aforesaid ailments, to try your wonderful Vegetable Compound and Blood Purifier and I am sure they will help her to get rid of her troubles as they did me.”

LONE NEGRO HOLDS POSSE AT BAY.

MAYSVILLE, KY., March 15.—Entrenched in a barn where he took refuge after shooting the Chief of Police and a milkman, William Sanders, a negro, Sunday afternoon held off a mob of 350 armed men, wounding three of the number before he fell dead before a volley fired as the besiegers charged his barricade.

Chief of Police James Mackey Sheriff Mike Brown, Charles Switzer, a milkman, and Joseph Owens and Fred Wells, members of the posse, were seriously wounded by the negro before he was killed.

Sanders made a desperate fight for his life. Every volley poured into the barn by members of the posse was answered by the crack of his rifle. Three men who attempted "sniping" at close range paid the penalty by falling wounded.

DO YOUR EASTER SHOPPING VERY EARLY.

Have you done your Easter shopping yet? If not, you should begin at once. This is the statement made by a number of Paris retail houses, who have mostly to do with the furnishing of raiment for the body for the Easter display.

Easter shopping, according to these lights of the local trade, is becoming as much fraught with hardships and suffering, due to rush orders and overcrowding of the stores late in the afternoon, as was the Christmas shopping in the past. Now that the public is becoming educated to do its Christmas shopping early, and realize the great saving of time and energy, the time is ripe to begin a campaign of education for early Easter buying.

Spring goods have been on display several weeks, and the spring millinery generally makes its appearance as early as January. All shoppers interested in maintaining a fair standard for goods on sale in the Paris stores are asked to do their Easter shopping now, early in the day, early in the week and early in the month.

Mr. E. F. Poe, of Bourbon county has purchased the farm in Franklin county, belonging to the heirs of Mr. J. S. Poe, deceased, for \$60.25 per acre.

CANDIDATES WARNED OF NEW "CORRUPT PRACTICE ACT."

It is highly important for candidates for office in Kentucky to familiarize themselves with the provisions of the "Corrupt Practice Act," passed by the Legislature of 1916.

It is compulsory that each candidate file with the County Clerk or proper official an itemized statement of expenses incurred during his campaign, such as printing, stationery, stamps, stenographers, rent for public halls for speaking, and all other expenses incurred pertaining to his election. Such papers must be filed fifteen days before the primary, and also fifteen days before the regular election.

The penalty for failing to comply with this law, is a fine in any sum not to exceed \$5,000, or to be confined in the county jail not to exceed six months, or both.

The BOURBON NEWS has been appointed as agent in Bourbon county to handle and sell the Thomas Kentucky Election Forms, which are used for this purpose. With these forms it is no trouble to keep an accurate account of expenditures, etc. These forms are reserved and protected by law by the Cadiz Record, of Cadiz, Ky.

All candidates are required to make these statements, and the easiest and best way is to purchase one of these forms now. The price is \$1.50. Come in and see one, and give us your order. We have samples to show, but will have to send in orders to Cadaz for stock. We are going to send in an order next week. Let yours come with the rest.

All remaining in after January 1, 1916, will pay \$100 each, while starters will pay an additional \$250. It is estimated that this race will be worth \$40,000.

Mr. A. B. Hancock, of Paris, a director in the Kentucky Thoroughbred Horse Association, nominated thirty-four entries, while other nominators from Bourbon county who have from one to five entries each, are Charlton Alexander, Andrew J. Gorey, S. Kenney Nichols, Talbott Bros., Wm. H. Whaley, Jr., and J. Hal Woodford.

No Eggs, Milk or Butter

The following recipe shows how an appetizing, wholesome cake can be made without expensive ingredients.

In many other recipes the number of eggs may be reduced one-half or more by using an additional quantity of ROYAL Baking Powder, about a teaspoon, in place of each egg omitted.

EGGLESS, MILKLESS, BUTTERLESS CAKE

1 cup brown sugar
1 1/2 cups water
1 cup seeded raisins
3 ounces citron
1/2 cup shortening

1 teaspoon nutmeg
1 teaspoon cinnamon
1/2 teaspoon salt
3 cups flour
5 teaspoons Royal Baking Powder

The old method (fruit cake) called for 2 eggs

DIRECTIONS—Put the first eight ingredients into saucepan and boil three minutes. When cool, add the flour and baking powder which have been sifted together; mix well. Bake in moderate oven in loaf pan (round tin with hole in center is best) for 35 or 40 minutes. Ice with white icing.

TOBACCO PRODUCTION LARGER.

The United States Government report indicating that this year's tobacco crop will exceed that of last year by 15 per cent, has been received. The final estimate of last year's crop placed the yield at 1,060,597,000 pounds. This year a crop of 1,223,572,000 pounds is indicated, making an increase of 165,955,000 pounds.

Kentucky produces one-third of the entire crop of the country, and this year will have a yield approximating 471,997,000 pounds, a gain over last year of 115,597,000 pounds, or 32 per cent gain.

The outlook for good prices is not so bright, however, as last year much of the tobacco consumed in the trenches in Europe has been grown in Kentucky, and if the threatened allied blockade of tobacco goes into force, tobacco prices, especially in the western part of the State, will decline at an alarming rate.

The White Burley District will not be so seriously affected since the greater part of this is consumed in the United States.

PARIS BOWLING LEAGUE.

With Douglas Thomas rolling 215 and 195 it was a comparatively easy victory for the Fordham Hotel team to achieve in the game with the Bourbon Laundry team at the Fordham Alley last Thursday night. Thomas made the high record of 215 pins in the roll-off in the first game, and stood second with 192 pins down in the third game. For the Laundry team Jackson led for first place with 160, in the first game and followed for second place with 159 in the third game. The Hotel team came out victors by a margin of eighty pins. The score follows:

The highest individual score ever made in any one game in the bowling series between the teams composing the Paris Bowling League, was chalked up to the credit of Gilbert Lytle, of the Curtis Henry & Co. team, in the second game between the Curtis Henry & Co. and Fordham Hotel teams, Tuesday night.

Lytle scored 223 in that game, and won the proud distinction of having first place in the ranks of local bowlers. Lytle was followed by Henry, who threw 'em down the line to the tune of 202. Shankland bowled 169 in the third game. Swearingen made the highest score for the Hotel team, getting 190 in the third game, with Jones second with 178.

The game was lost by the Hotel team by the narrow margin of only eleven pins, but what team could stand against such scores as 223, 202, 196, etc.? But, as the old veteran said of the battle of Blenheim, "It was a great victory." The game last night between the Laundry and R. P. Walsh teams marked the close of the series as scheduled. The score of Tuesday's game follows:

PARIS DEFEATS CARLISLE AND CLOSES SEASON.

The basketball season for the Paris High School "Invincibles" was brought to a close at the Y. M. C. A. gymnasium Monday night, when the fast team met the team from the Carlisle High School in a contest for honors.

Stung by their previous defeat the Carlisle girls had been in training for the event of Monday night, but all they could do with the "Invincibles" was to give them a little practice, which it is very evident they didn't need. But, having the Carlisle girls here they had to give them some kind of entertainment, which they did by proceeding to administer a vigorous drubbing. The result at the end of the game stood 51 to 15 in favor of the Paris High School team. As usual the Paris team "played rings" all around their opponents, and by their superior team work again demonstrated their right to the title of "Invincibles." Every member of the team did star work, and closed the season with a record of having never been defeated, something few High School teams in the State can boast of.

The line-up of the Paris team was as follows: Miss McCord, captain; center; Misses Carrie and Lena Rose, forwards; Misses Valette McClintock and Fannie Heller, guards; Misses Elliott, Lytle and Harper, substitutes.

Three cheers, "a tiger," and a right hearty good-bye to the most graceful, most dashing and best-playing girls' team that ever tossed a basketball.

MRS PRICHARD PURCHASES CHAPPEL & ASHCRAFT FARM

The farm of 140 acres with improvements belonging to Messrs. Chappel & Ascraft, of Paris, lying on the Clintonville pike, near Escandida, was sold at public sale Wednesday by Auctioneer Chas. Vanhook.

Mrs. Anni Fretwell Prichard, of Paris, was the purchaser, paying \$115 per acre for the property, which adjoins the farm she already owns. The land was formerly owned by the late Miss Naomi Cunningham, and was purchased recently by Messrs. Chappel & Ascraft. The sale was made to dissolve the partnership, and to settle up the business of the firm, Mr. Wallace Chappel having died very recently.

There was a large attendance at the sale, and the bidding was spirited. Farming implements, etc., brought very good prices.

CASH TO RETURN.

Among the prisoners released from the Frankfort Reformatory yesterday, their terms having expired, was Cash Crowe, who was convicted in the Bourbon Circuit Court on a charge of false swearing, and sentenced to one year in the Reformatory.

BOURBON CIRCUIT COURT.

Upon the reconvening of Court Tuesday cases on the Commonwealth docket were called for trial. In the case of I. Rankin, charged with displaying and flourishing a deadly weapon, a fine of \$50 and costs was assessed against him. Thomas F. Brannon, of Lexington, formerly of Paris, pleaded guilty to the charge of shipping liquor into local option territory in packages containing false statements on the outside wrapper. He was fined \$200. Irving Hanna, colored, of near Little Rock, was fined \$300 on a charge of setting up and operating a crap game near Little Rock. Charles Morton, colored, who shot and killed a colored man named Charles Kuster, at a colored camp meeting near Hutchison, about a year ago, was given a sentence of one year in the penitentiary.

The case of Lee Deaver for the killing of Sidney G. Clay, was called for trial, and continued until March 28, the fifteenth day of the term. The first trial of the case resulted in a hung jury. It was said Wednesday that Mrs. Sidney G. Clay, of Lexington, mother of Sidney G. Clay, has retained Col. John R. Allen, of Lexington, to assist in the prosecution.

The time of the Court Wednesday was taken up with the consideration of cases on the equity docket, none of them being of any great importance. The grand jury made their first report, returning seventeen indictments for various infractions of the law.

Yesterday's session of the Court was a busy one, in a way, the hearing of motions, demurrers and equity cases taking up the day's work. The grand jury made a final report, the indictments comprising charges of various characters. Court adjourned until this morning.

BOURBON COUNTY TOBACCO BRINGS A RECORD PRICE.

A new record in the Lexington tobacco market was made Monday when a basket of lugs grown by Mr. Will S. Judy, of Bourbon county, brought the high price of \$82. The entire crop was grown on Mr. Judy's farm in Bourbon county. It amounted to 1,325 pounds, and brought an average price of \$33.02. The lowest price for any part of it was \$22. The tobacco was grown from a prize seed originated by Mr. Judy.

Mr. Judy is a well-known member of the tobacco trade, being both a producer and buyer. For a number of years he has made a close study of the production of fine tobacco, and his success is evident from the high prices his tobacco brought at the Lexington sales. The seed from which the crop was raised has been called "Judy's Pride," and is in great demand.

LAST SALE OF SEASON AT TOBACCO HOUSES.

No sales were held at the local houses yesterday, and the last sales of the season will be held to-day when the Bourbon expect to "clean up" the remainder of the marketable crop of Bourbon county tobacco.

The season has been a remarkably good one for both growers and sellers, and the proceeds of the sales have put in circulation a large amount of money in the city and county. The local houses have been at all times amply able to take care of the crop and have obtained some of the very best averages of any market in the States.

Here's hoping next season may prove equally as prosperous for all concerned.

QUARANTINE ORDER.

An order from Dr. F. S. Musselmann, State Veterinarian, ordering premises disinfected that have been infected by hog cholera, has been received here by Dr. H. M. Hamilton, County Livestock Inspector for Bourbon county. The order, which was recently adopted at a meeting of the State Live Stock Sanitary Board for the counties of Bourbon, Bullitt and Nelson, reads as follows:

"Be It Further Ordered: That premises which are known to be infected with hog cholera, be placed in close quarantine, and no swine shall be moved onto or from such premises until all swine thereon are apparently free from disease, and the premises have been cleaned and disinfected and released from quarantine in writing by a State or County Live Stock Inspector. Effective on and after Saturday, March 10, 1917."

MR. COLLINS DECLINES.

Mr. John T. Collins, of the North Middletown precinct, in response to a recent published call requesting him to become a candidate for Representative from Bourbon county at the next session of the Legislature, declines the honor for private and business reasons. Mr. Collins is a busy man, one whose varied interests keep him on the go all the time and he evidently prefers a hustling business life to wearing political honors.

SELLS SMALL FARM.

Mr. James Chance, of this county, recently sold to Mr. J. H. Martin, ten acres of land, located on the Redmon pike, near Paris, for \$450 per acre. Possession will be given on March 1, 1918. Mr. Martin recently sold his small farm near Paris.

Originality in art is sometimes applauded. But he that strives for originality in morals plays a dangerous game. He will either be martyred for a prophet or cast out as a devil.

"ST. PATRICK'S DAY IN THE MORNING."

The words of the old song and saying, "St. Patrick's Day in the Morning," will be literally true, and very applicable to-morrow, when the natal day of the patron saint of old Ireland will be celebrated with appropriate ceremonies by all the loyal sons of the old sod. Here in Paris the event will be celebrated with appropriate ceremonies by all the loyal sons of the old sod. Here in Paris the event will be celebrated in the usual way, by the "wearing" of the green, and services at the Catholic church.

B-4 FIRE Insure with W.O. HINTON & SON, Agts

GIRL BADLY BURNED.

Miss Jessie Stone, aged sixteen, daughter of Mr. C. T. Stone, of near Paris, was badly burned about the body and head Monday morning, at the home of Miss Myrtle Russell, on Cypress street.

Miss Stone had been a visitor at the home of Miss Russell since the sale held at the home of her father, on the I. D. Thompson place, near Paris, Saturday. While standing in front of an open grate her night dress caught fire, the flames severely burning the young woman about the face, neck and shoulders before the burning clothing could be torn from her body. Medical aid was summoned and the sufferer made as comfortable as possible.

Mr. Stone had been making preparations to move to Fayette county after the sale held Saturday, and the home being closed, Miss Stone had been spending the interval at Miss Russell's home. Her injuries are serious.

LIGHTNING CAUSES SEVERAL FIRES IN HARRISON COUNTY.

Lightning struck a barn on Will Toadvine's farm near Oddville, in Harrison county, setting it on fire and burning it to the ground. W. T. Kearns was living on the place, and he lost in the fire a good mare, a buggy, lot of feed, harness, etc. Another horse was rescued, though badly burned and perhaps permanently disabled. Some cows were taken out after they had been slightly burned. Mr. Toadvine also lost a mare that was in the barn, some feed stuff, etc. The barn was insured for \$350.

At Colemansville lightning struck the school house, destroyed the clock and the stove and did some other damage, but did not set the building on fire. A barn on W. R. McMurry's place at Robinson, was struck, but did not burn.

"A GOOD MAN."

Under the above caption Editor Hiram Duley, of the Flemingsburg Times-Democrat, has the following regarding Hon. Claude M. Thomas' candidacy for Representative from Bourbon county in the Legislature:

"Claude M. Thomas has announced as a candidate for the Democratic nomination for Representative in the county of Bourbon. We'd like to 'dead-end' over the line' enough to say that if we could have a Legislature composed of men like Claude Thomas the interests of Kentucky would be faithfully looked after. He is a man of ability and integrity and we hope he may have a walkover."

THINGS TO WORRY ABOUT.

To-day, if the old weather prophets and superstition spreaders be right, the reign of King Groundhog will come to an end, and his six-weeks' course of bad weather ought to give way to something less calculated to excite the wrath of mankind. Be it superstition or something else, there has been six weeks' siege of the worst kind of weather for this section, and the people of Paris will gladly pray for the extermination of the whole Groundhog family, if it will have any effect on the weather next time!

PUTS NEW LIFE INTO HIS WORK

For Dealer Tells How Tanlac Brought Back Ambition.

CAN'T TIRE HIM OUT NOW

J. M. Phillips, a fur dealer, widely-known around Monticello, Ky., where he has lived for years, can't stand enough for Tanlac.

He says he's a living example of what Tanlac will do for a man. "Before taking Tanlac," Mr. Phillips said, "I was so run down in health that I couldn't do my work as I should have been done. That tired droopy feeling stayed with me all day long and I didn't have a bit of ambition. I had headaches nearly all the time. They made life miserable and work hard for me. They kept me awake at nights. I lost my appetite.

"Most any kind of food, even eggs, made me feel bad, because I couldn't digest what little I did eat. I got so weak it was all I could do to stand on my feet. I lost a lot of weight.

"Then a friend told me about Tanlac. It did the work. Since taking it, I have got my appetite back, and can eat anything I want. I have gained in weight and am not nervous. I sleep fine nights. I owe all this to Tanlac and urge others to try it if they feel all-in, run-down and just half-sick."

If you don't feel right get Tanlac today. Delay in health matters is dangerous.

Tanlac, the master medicine and reconstructive tonic, is sold exclusively in PARIS by Varden & Son. Other exclusive agents in nearby towns are as follows:

HUTCHISON, Snell & Wood; MILLERSBURG, W. G. Wadell; ELIZABETH, Oscar Smith; CARLISLE, Trueman & Son; GEORGETOWN, C. H. Arnold; WHEELER, Duty Drug Company; AUSTERLITZ, B. S. Parrish. (adv.)

INTERRED GERMAN SHIPS SUBJECTED TO SEARCH.

PHILADELPHIA, March 15.—Upon orders from Washington secret service men Monday boarded the interned German raiders Prinz Eitel Frederick and Kronprinz Wilhelm to search for explosives. It is alleged that large quantities of explosives have been smuggled aboard the liners at their piers at the Philadelphia Navy Yard. It is charged that the explosives were intended to be used to blow up the navy yard.

Formal request for the removal from the League Island navy yard of the interned German commerce raiders Prinz Eitel Frederick and Kronprinz Wilhelm, of the 700 men composing their crews, was made personally to Secretary Daniels, Monday, by Mayor Smith, of Philadelphia, on the ground that they constitute a menace to the safety of the city.

The Mayor was told that transfer of the German crew already was under consideration and that a suitable place for them was being sought. He also was assured that every precaution was being taken by the authorities to guard against the possibility of any disturbance by the German sailors, and that they were under constant surveillance by the navy yard authorities.

Just when the feeling between the United States and Spain is becoming altogether satisfactory Jack John has to drop in on Alfonso.

MATRIMONIAL.

LANE—CADDEN.

The marriage of Mr. M. S. Cadden, well-known Lexington newspaper man now editor of the Estill Tribune, published at Irvine, and Miss Mary Lane, of Frankfort, has been announced. The wedding was the culmination of a romance which had its inception last January, when Mr. Cadden was a member of the editorial staff of the Lexington Herald and was in Frankfort, where he was working on a "story" for his paper. The wedding took place more than two weeks ago, the ceremony being performed in Lexington by Rev. J. J. Spencer. The bride accompanied her sister, Mrs. T. L. Jones, of Versailles, to Lexington, in February, ostensibly on a shopping tour and by previous arrangement, met Mr. Cadden for the marriage ceremony. Mr. and Mrs. Cadden left yesterday for Irvine, where they will reside in the future.

J. MONROE SWEENEY TO "EMPIRE" IN PENNSYLVANIA

Mr. J. Monroe Sweeney, of Paris, who has been a student at Bethany College, at Bethany, West Virginia, has signed a contract to officiate as umpire in the Pennsylvania League. Mr. Sweeney will go on duty at Wear Ever Park, for the Aluminum Club at New Kensington, on May 12, when the season opens. A recent issue of the Pittsburg Daily Gazette-Times says regarding the deal for Sweeney's services:

"It looks as though the veteran Frank Morgan, has quit the game, for the Aluminum Club at New Kensington has engaged J. Monroe Sweeney, manager of the Bethany College team, to work the games at Wear Ever Park. Secretary Roger Newcomb came to an understanding with Sweeney the other day. Sweeney worked two successive years in the Ohio State and Blue Grass Leagues, and handled the home games at Bethany last year. His work was praised by all visiting teams."

Dr. Chas. Daugherty has received a letter from Mr. Chas. Applegate, of Newport, who managed the Paris team in the last days of the Ohio League. Applegate, relative to placing a team here, Mr. Applegate stated that as soon as the weather gets warmer he is coming to Paris to see what can be done. He said further that it seemed to be the general plan to organize a league to play Sunday ball only, but that several of the Central Kentucky towns wanted a game every day. Mr. Applegate was of the opinion that a good paying club could be established here, but was feeling his way by stating that he was willing to take hold of the project if he could get assistance. He wanted to know if an independent team playing Sunday ball would pay here, and asked if Paris could be depended on to back up the venture.

FORMER PARIS PITCHER IN THE BIG LEAGUE.

The work of a former pitcher in the Paris club of the old Blue Grass League, Ed. Monroe, will be watched this season with a great deal of interest by his friends here. Monroe, who is said to be the longest pitcher in the Southern League, was drafted this season by the New York Nationals.

Monroe is twenty-one years old, weighs 200 pounds, and stands 6 feet, 4 inches in his sock feet. He is a right hander, who made a good record while with the Paris team.

SHORTHORN BREEDERS TO HOLD MEETING MARCH 22

Shorthorn breeders of the Blue Grass region, who have recently become interested in the organization of a breeders' association, have decided to hold a meeting for the purpose of discussing such an organization as exists in other States. The men who are endeavoring to bring the movement before the public are Mr. Luther Rice, of Paris; May Goff, of North Middletown; W. H. Garner, of Winchester; C. H. Bowyer and Horace Gay, of Woodford county, and Sudduth Bros., of Winchester.

A meeting has been called for May 2 at Lexington, when the plans for perfecting the Association will be discussed and considered. The meeting will be held in the Security Trust Building at Lexington. A number of Bourbon county men who are interested in the revival of the Shorthorn industry have signified their intention of attending the meeting and to do all in their power to promote the objects of the proposed Association.

If you can trust the report of a recent analysis, three dollars' worth of grease and two dollars' worth of fertilizing material may be obtained from one ton of city garbage.

RANK FOOLISHNESS.

You occasionally see it stated that colds do not result from cold weather. This is rank foolishness. Were it true colds would be as prevalent in midsummer as in midwinter. The microbe that causes colds flourishes in damp, cold weather. To get rid of a cold take Chamberlain's Cough Remedy. It is effective and is highly recommended by people who have used it for many years as occasion required, and know its real value. Obtainable everywhere.

Accept a favor and you will generally find that it is merely loaned out at interest.

REAL ESTATE DEALS AND LAND SALES.

Mr. A. D. Leach, of Bourbon county, recently purchased from the Hagan estate a tract of land lying on the Lexington and Cynthiana pike, in this county, containing 142.46 acres adjoining his farm, at a price not made public. The land also adjoins the farm of Mr. H. P. Headley, in Fayette county.

Mr. Frank Smith, of this county, has purchased a farm of ninety-three acres in Spencer county, near Taylorsville, to which he will move as soon as he disposes of his goods, etc., here. Mr. Smith recently sold his farm on the Ruddles Mills pike, to Mr. Sloan, of Magoffin county.

Mr. Charles C. Fisher, of this county, purchased through the Paris Realty Co., Mr. Thos. C. Myres' farm located on the Hill pike, near Centerville, containing 117 1/4 acres, at \$103 per acre. Mr. Fisher will get possession of the place this week.

The Paris Realty Co. sold to Mr. Douglas Thomas, Sr., the cottage in East Paris lately occupied by Mr. O. P. Carter, Jr., at a private price. Mr. and Mrs. Thomas will move to the place.

Mr. J. Osear Hedges, of Bourbon county, who recently sold his farm in this county, to Mr. Clifton Dalzell, has purchased a section of well-improved land in the Northeastern part of Mississippi, near West Point, and will get possession about April 1. The farm is located in the famous Black Prairie Land Belt, and is considered to be some of the choicest land in that section of the State and in the South. The sales were both made by Mr. Edward H. Byars, of Lexington.

UNCLE SAM WARNS HE WILL ARM SHIPS.

WASHINGTON, March 15.—The State Department, Monday, sent to all the foreign embassies and legations in Washington official notification of this government's determination to place arms and armed guards on all American ships leaving these shores for the submarine zone.

The announcement came immediately after Secretary Lansing conferred with President Wilson at the White House and was as follows: "The Department of State has today sent the following statement to all foreign missions in Washington for their information:

"In view of the announcement of the Imperial German Government of January 31, 1917, that all ships, those of neutrals included, met within certain zones of the high seas would be sunk without precautions taken for the safety of the persons on board and without the exercise of visit and search, the government of the United States has determined to place upon all American merchant vessels sailing through the barred areas an armed guard for the protection of the vessels and the lives of persons on board."

It was made clear at this department that this communication is in no wise intended for Berlin and that the Swiss Legation is not expected to communicate it to the Kaiser's government.

It was also learned at the State Department that the United States holds that the presence of national gunners on the American merchantmen will not change the status of those ships, as this country has never accepted the assertion of German that naval men on British merchantmen rendered them auxiliary warships.

Guns and gunners will be placed on munitions ships as well as other boats. It was declared, and the navy men will be responsible directly to the government and not to the Captains of the ships to which they are assigned. Whether commissioned officers are used is entirely up to the Navy Department. It was said. The position of the President and the State Department now is that if Germany wishes to avoid armed conflict with the United States the only way is to spare American ships, and that she will do this no one close to the administration believes.

Preliminary steps were taken by the Navy Department Monday toward contracting for the quick construction of one hundred or more high-speed coast patrol boats of a new type for scouting against submarines. At a conference in which a score of builders were represented assurances were given that deliveries could be begun within four months.

There is a bumper apple crop this year, and the man who likes pie will probably get more than one slice.

DEAFNESS CANNOT BE CURED

By best applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; none cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

ACCUSATION OF THEFT CAUSES MAN'S DEATH.

MT. STERLING, KY., March 15.—Lee Million, 46, recently of Indianapolis, died of heart trouble in the arms of Sheriff F. Howell, of this county, who was in the act of searching him for a missing ring Monday on the Donaldson pike. Miss Margaret Frost, local community nurse, lost a handbag containing the ring, and accompanied by Sheriff Howell she went in search of it. The bag was found where Million had left it after finding it on the road. The ring, however, was found on Million's person. Million was accompanied by his wife and five children and they were returning to Kentucky on foot from Indiana, where the family had been living for some time.

Shake Off That Grip

When Spring comes, with its changeable weather and your exposure, it is best to clear away all the symptoms left after an attack of grip. That evil disease leaves you weakened, and when its victim attempts to "do his bit" he exposes himself to the risk of a second attack, for which he is less prepared, and which may have graver consequences.

There's Danger in Delay

April and May are pneumonia months. In this time a weakened system is a constant source of danger, for the pneumonia and grip infections are in the air, and after a long winter the body is so clogged with waste it cannot resist them. Fortify the health, remove the catarrh, and improve the digestion.

For Quick Relief PERUNA

This reliable tonic is recommended to remove the waste from the body, counteract the catarrhal poisons and allay the inflammation that is catarrh, restore the regular appetite and tone up the entire system to resist disease. A well man is safe.

As a tonic after grip it has won many commendations, while its effectiveness in catarrhal conditions is unquestioned. Take no chances—Take Peruna.

Peruna Tablets are always ready to take. You may carry a box with you and ward off colds and chill. The liquid medicine in your home is a great safeguard. Protect your family.

"TIME TO FIGHT UPON US."

In answer to a request of the New York World, Mr. Henry Watterston, editor of the Courier-Journal, sent the following telegram from Miami, Fla.: "In the absence of full knowledge of the circumstances attending the defeat of the ship defense bill, and even a meager report of the closing debate in the Senate, I am loath to speak except in general terms. It appears that the treasonable movement led by Mr. Bryan is, at least provisionally, successful. Its success put the country at a signal disadvantage, must cause every patriotic American to hang his head in shame, and should consign the men responsible to an eternity of execration."

"The President has nothing left him except to summon the new Congress and appeal, in the name of God and their manhood, to the people. He has used the soft pedal too long; thus he has unwittingly tempted public opinion to drift away from him, but he can call it back. It will rally with enthusiasm to a brave, unqualified stand and respond in thunder tones to a voice at once resonant and resolute."

"There is a time to preach and a time to pray. There is also a time to fight, and that time is upon us. He who dallies is sometimes worse than a dastard. He is a traitor and a villain. From this onward let there be but a single alignment and issue: The honor of the nation and the sanctity of the flag; the separation of the sheep from the goats; the determination of who are for us and who are against us."

"The Kaiser hosts of the Hohen zollerns, associating the assassin right divine of kings, are at our very door. The glorious right divine of the people is invaded and assailed upon its own threshold. Though Prussianism and Bryanism triumph for a moment, they must be and will be crushed as in the war of the Revolution the red-coats and the Tories were crushed. Now not less than then does the Republic hang in the balance."

CONSIDERING BEST ROUTE FOR MIDLAND TRAIL.

The Vanceburg Sun says: "A large and representative delegation went from Vanceburg to Ashland on Feb. 22 to take part in the bi-State meeting of the Midland Trail. Word had been passed around that the stronger the delegation, the better would be the chance to pull a 'kink' in the afore-said Trail and divert it from its proposed route—entering Kentucky at Catlettsburg, then through Carter, Rowan, Bath, Montgomery and Clark counties to Lexington, and locate it at a much better route which is already surveyed, and most of it under contract to be built from the Boyd county line below Ashland, Ky., through Greenup and Lewis counties to Vanceburg, thence to Tolesboro, from there through Mason, Fleming, Nicholas and Bourbon counties, to Lexington, passing through a richer and more prosperous section, thereby serving a greater number of people. The cement bridges and iron culverts have already been provided, the road contracted under State supervision and the grade reduced to 5 per cent, or less in Greenup and Lewis counties, with only a few miles longer, with no long hills anywhere, as the road follows along the C. & O. Railroad and Ohio River. The best material for road building is at hand and upkeep much less than would be through the mountain counties."

"This is also the most interesting and scenic route, as the traveler would, for a distance of 65 miles go through a continuous stretch of beautiful cities, growing towns and manufacturing districts which can only be found in this part of the United States in so short a distance."

"The splendid road along the Scioto River from Columbus, O., would intersect this part of the Midland Trail at South Portsmouth, also the eastern travel from Cincinnati, O., coming through Ohio or Kentucky. The Midland trail, by this route, would reach the famous Kentucky Bluegrass section near the Mason county line and continue through Carlisle, Paris, Lexington and Frankfort until it leaves Kentucky at Louisville and enters Indiana at New Albany or Jeffersonville. Good limestone roads are already built through this section and with very little improvement the Trail can be nationalized."

ZIMMERMAN HEAD OF GER- MAN SPY CORPS IN U. S.

NEW YORK, March 15.—Documentary evidence connecting D. Zimmerman, the German Foreign Secretary, with the German spy system in the United States, is in the hands of federal authorities here, it was learned. These papers show that Zimmerman not only recommended payment of money to carry on spy plots, but approved conspiracies being planned here. One of the papers in the government's possession is said to bear the address of No. 76 Wilhelmstrasse, Berlin, the office of the Foreign Secretary. Some of the documents were laid before the Federal Grand Jury. One of the letters in possession of the authorities was written by Dr. Zimmerman to a man in New York, believed to be the head of the spy system in this country. The other note, a memorandum, requested payment for certain work. There is no doubt about the authenticity of either document, officials said.

Coincident with disclosures that Dr. Zimmerman was connected with the spy plots, the National Surety Company decided Thursday to withdraw the \$25,000 bonds furnished Sakunna and Chakraborty and surrender the alleged plotters to the federal authorities. Vice President Joel Ralston of the Surety Company, said the matter was one in which the company did not care to be involved. He added that the company did not care to lay itself open to suspicion of being allied with an interest conspiring against the United States.

A big roundup of German spies is scheduled to start with the arrest of a third suspect here on the plot charge against Sakunna and Chakraborty here.

Federal agents expect to make arrests in California, Oregon, Washington, Panama, Guam, the Philippines and other American territory where German agents have been active. Many of the suspects are now under surveillance. Their arrest is said to hang solely upon completion of the investigation of the New York angle of the plot.

Some delay will be experienced in arresting some of the spies. The raid by the New York police on the apartment occupied by Sakunna and Chakraborty spoiled the plans of the federal officials and drove a number of German agents to cover.

Whether General Carranza is acting against Germans in Mexico who are to be used to promote a revolution against him it did not join Germany in war against the United States is not known to federal authorities here. The Mexican authorities, it is understood here, have made no effort to co-operate with the United States agents in frustrating German plotters.

GIRLS! HAVE WAVY, THICK, GLOSSY HAIR FREE FROM DANDRUFF

Save Your Hair! Double Its Beauty
In a Few Moments—Try This

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25-cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now? (adv)

DISTRICT MEETING

K. P.'S AT CYNTHIANA.

Rathbone Lodge No. 12, Knights of Pythias, of Paris, has received the following invitation: "The District Meeting of the Knights of Pythias for this section will be held at Cynthiana, on Thursday, March 22, to which all the members of Rathbone Lodge are cordially invited."

The Grand Lodge officers are expected to be present, and the officers of the subordinate lodges are also expected, as are all Past Chancellors who have not received the Grand Lodge rank. The "Get-Together" of members of the order in their districts; to mingle in fellowship; to discuss plans for the betterment and advancement of the Knights of Pythias; and to devise ways and means for perpetuating the Pythian Home, are the objects and aims of the conventions of Knights of Pythias all over the State. The convention will open promptly at 2:30 p. m. with the District Deputy presiding, when the following program will be observed: Roll call; reports of lodges; discussion of general interrogatories; exemplification of the secret work; conference of the Grand Lodge Rank on Past Chancellors. The evening session at 7:30 p. m. will be the "Get-Together" part of the program. The First Rank will be conferred on a class of candidates from various lodges in the district.

All members of the lodges in this district are urged to attend the sessions of the convention, as every member of a lodge in the district is an equal representative with every other member. Great good can come from these meetings and it is particularly desired this year that large delegations get together and counsel one with the other for the upbuilding of the order along the lines of advancement.

MUST HOLD MEETINGS.

County Road Engineer Ben F. Bedford is in receipt of a communication from Rodman Wiley, Commissioner of Public Roads, advising him not to forget the act of 1914, which calls for each County Road Engineer to call a road meeting in each magisterial district in his county each year between February 20 and March 30 for discussions of road topics and furthering the improvement of the roads in the county.

Road meetings of this kind have never before been held in this county, and Mr. Bedford was unable to give any information about what time and at what place the meetings would be held in Bourbon county.

BIRTHS.

MATRIMONIAL.

A marriage license was issued yesterday from the office of County Clerk Pearce Paton, to a couple from an adjoining town, who solemnly and tearfully exacted a promise from the obliging Clerk to have it marked, "Please Don't Publish." And this reminds us that we know of a wedding to be celebrated in Paris soon, the principals in which will be two well-known and very popular young Paris people. Like Clerk Paton, we respect the admonition of the prospective bride and groom to "please don't publish," and will wait until the day before the happy event is to take place, when we will give the news. No guesses as to their identity will be considered!

VANARSDALE-SELLARS.

The marriage of Miss Emily Jane Vanarsdale, a niece of Mrs. M. G. Thomson, formerly principal of the Bourbon College, in Paris, and Mr. John M. Sellars, of Lexington, took place in that city last Saturday. One of the attendants at the wedding, was Miss Catherine Thomson, formerly of Paris.

BELL-HAMILTON.

Miss Etta L. Bell and Mr. Ernest C. Hamilton, well-known young people of Carlisle, and both well-known in Paris, were married in Lexington, Wednesday afternoon at the residence of the officiating minister, Rev. I. J. Spencer. They secured marriage license in Carlisle, and accompanied by Mr. George B. Bell and Mr. J. Russell O'Connell, of Carlisle, motored to Lexington, where the ceremony was performed.

ALMA GLUCK AT LEXINGTON.

Music lovers in Paris and Central Kentucky will be interested in the news that Alma Gluck's accompanist for her concert at Woodland Auditorium, in Lexington, Tuesday night, March 27, will be Anton Hoff, a young German pianist who is remembered as having played accompaniments for Madame Schumann-Heink last year. He is an excellent artist and assistant and has been in America for several years, but this is his first season with Madame Gluck. He will play a Knabe piano for the concert.

The seat sale for the Gluck concert will go on Monday, March 19, at the Wurlitzer Piano sale rooms, 349-351 West Main street, or seats may be reserved now by mail addressed to Miss Katherine Cochran, at the Studio Club, West second street, Lexington.

Reports from a score of cities, where the great artist is appearing this season are most complimentary. Capacity houses are being attracted and the daily press is giving her most elaborate recognition, pronouncing her one of the most exquisite singers and charming entertainers on the concert stage to-day. Interest in the announcement of the concert indicates that every chair in the Auditorium will be sold for the concert.

In compiling a sketch of Alma Gluck one is at a loss to adequately describe the infinity of charms and the richness of gifts that have swept this American soprano into greater popularity than any singer on the concert platform to-day. Radiantly beautiful, endowed with charm, intellect and a lofty courage, blessed with a voice that words are powerless to define, Alma Gluck has sung her way joyfully, artistically and honestly to a position in the foremost rank of artists.

Instant success greeted the young soprano at her Metropolitan Opera debut in 1909 when she appeared in Massenet's "Werther." Success continued to greet her at all performances both operatic and concert, and within a few years her fame has circled the globe. Although born in Roumania, Alma Gluck was brought to New York when but six years old, and to her the United States is "home." She did her studying in New York, and New York was first to acknowledge her genius.

The magic of her name and the glory of her voice have spread into the most remote quarters with the natural result that Madam Gluck is in demand for recitals in more cities than can possibly be visited in one season. The layman seldom realizes the enormous "business" done by celebrities, but an idea may be gleaned from the statement that Alma Gluck's present season will net the famous singer over \$250,000. BLOOD TRANSFUSION IS SUCCESSFUL.

The operation of blood transfusion was performed on Mr. Jerre Sullivan, of Lexington, formerly of Centerville, this county, recently, at St. Joseph's Hospital, in Lexington. A pint of blood was taken from his body and transfused into his brother, Mr. Con Sullivan, who had been dangerously ill. The operation was restored to an almost last effort to save the life of Mr. Con Sullivan, and was successful. A second like operation was performed some time later, and was again successful, as the patient showed signs of marked improvement after.

KELLY.

—Friends in Paris who knew him here many years ago received information Tuesday of the death of Mr. Wash Kelly, a former resident of Paris. Mr. Kelly died at Santa Monica, California, a few days ago, following a long illness due to infirmities of age. Mr. Kelly for several years owned a fine farm near Centerville, and was well-known here. He moved to California some years ago, where he had since resided. He is survived by his widow, and two children, Miss Frances Kelly, and Mr. Christopher Kelly. The funeral was held at Santa Monica.

NEAL.

The funeral of Mrs. Henrietta Bealert Neal, aged sixty-one, who died Monday at her home on Cypress street, after a protracted illness, was held Wednesday afternoon at two o'clock with services conducted at the grave in the Paris Cemetery by Rev. W. E. Ellis, pastor of the Paris Christian church.

Mrs. Neal was the widow of the late Mr. John Neal, for many years a resident of Bourbon county. She is survived by one son, Mr. Emmett Neal, of Paris; two brothers, John and Sherman Bealert, of near Paris and two sisters, Miss Nannie Bealert, of near Hutchison, and Mrs. Henry Mitchell, of Lexington, formerly of Paris.

DICKEY.

—Funeral services for Mrs. Ellen Kirk Dickey, aged thirty-seven, who died at her home in Louisville, Wednesday, of brain trouble, were held yesterday afternoon at the Virginia Avenue Methodist church, of which her husband was pastor, conducted by Rev. Dr. A. P. Lyons, Presiding Elder of the Louisville District. The body was taken to her old home in Hillsboro, Fleming county, for interment.

Mrs. Dickey was a native of Fleming county, and was a daughter of the late Mr. Jerome Kirk, a prominent Fleming county farmer. Her death was caused by a peculiar disease of the brain. Since December 29 she had suffered periods of unconsciousness. With her husband, the Rev. C. K. Dickey, Mrs. Dickey went to Louisville from Millersburg, where Rev. Dickey had been assigned by the Conference of the Methodist church, to take charge of the church at that place. He asked to be relieved, and in April, 1916, was transferred to the Virginia Avenue Church, in Louisville. Besides her husband, Mrs. Dickey is survived by four children, Mary, Anna, Edward and Emma Lewis Dickey, and three sisters.

BRIGHTEN YOUR CORNER.

Whatever you may think of Billy Sunday, the world is somewhat indebted to him for the spreading of the idea in his famous song, "Brighten the Corner Where You Are."

Things may be going, as many believe, to the demoralization bow-wow, but the big green ball will be just a little bit better of you do your share toward making it so.

The whole darn office may have a grouch, but if you smile and keep on smiling the rest won't seem so grouchily.

Wife may be out o' sorts, and the coffee may be weak, but if you grin, and bear it uncomplainingly things won't be so bad.

Your street may be a string of hovels, but if you plant flowers and vines on your corner, the entire block will be improved.

Hypocrisy may be rampant on this earth, but if you are honest and straightforward your example will set 'em going your way.

All together, now—
"Brighten the corner where you are!"

SCHARFENBERG AND STONE

Paul Scharfenberg, who wrote to his mother in Germany, saying "to hell with the United States," and calling President Wilson a "common scoundrel," does not understand gum shoe methods.

Senator Stone, of Missouri, would not say anything as shockingly blunt as "to hell with the United States." He acts "to hell with the United States," instead of saying it. He would not stand up in the Senate and call the President a "common scoundrel." He asks, merely, that the Senate find out, if possible, whether the President and the State Department foisted upon the press a note signed "Zimmermann," which was not genuine, and whether the move was instigated by one of the belligerents arrayed against Germany.

Paul Scharfenberg has been sentenced to five years in prison for having expressed disloyal sentiments. Bill Stone, nominally a Democrat, nominally an American, nominally a man, has taken advantage of a seat in the Senate to do what Scharfenberg would have approved. He cannot be sent to prison, but he should be removed from a position for which he is unfit.—Courier-Journal.
